Personal Statement: My name is Alexyss "Lexy" Williams. Softball has been a part of my life since I was 10 years old. I played 10u Bobby sox for a season in spring and made the All Star team. Our Team won the Regionals at midnight! It was a great game and I made a lot of memories over the four weeks we practiced and played. I jumped on what is called a super sox team and showcased my skills where multiple coaches asked my parents if I would like to be more competitive or play on a more competitive team? We tried out for a big organization and I made it onto the Universal Walling 07 Fall team. Moved onto an 06 team where I learned about softball from a former PAC 12 standout catcher and hitter. I then played a few seasons with Lady Magic Boykin being recognized as one of the most agile and speedy outfielders in the division. Present day I was recruited by my hitting coach to come fill a spot in his top roster as he needed my skills to help fill some gaps. Present day I was able to take years of playing and tried out for Vanden high school's softball team. I had fun my JV year and learned alot about the game from a slower and at times faster pace. My goal is to play softball in college and major in Biological sciences, and later apply for medical school to become an Anesthesiologist.
