**Personal Statement:** Softball has been a huge influence and great part of my life, as I have been playing since I was 8 years old. I have learned and am currently learning many qualities along the way such as leadership, time management, caring for your teammates, determination, humbleness, confidence, and more. Playing softball has enabled me to grow, not only as a player, but as a person as well. I am an extremely hard worker who is dedicated to this sport, and have always hoped for the opportunity to continue to grow and play at the collegiate level.
