## Personal Statement:

Hi, my name is Kaitlyn Le. I will be a junior at California High School in San Ramon this fall. I started playing recreational softball when I was 6 years old. After four seasons of recreational play, I realized I wanted to be more competitive in the sport, thus, leading me into exploring travel ball. Since playing travel ball for the past four years, I have grown to love and cherish softball even more, not just for the sport, but it has also allowed me to take my mind off of other things. The wins and losses are not the only things that matter to me, but also the friendship and comradery that have sprouted from playing on a team. I have grown close with many different people and have held onto those relationships even when moving on to different teams. I appreciate the different techniques and skills from the various coaches, and I have used their knowledge to further improve my softball skills. Being a team player is pivotal in softball and I have persevered, put in extra practices and always pushed myself to be better in order to support my team. Softball has always been important for me and the sport will always remain as one of my top priorities and passion.
