Personal Statement: My passion for softball began at a young age when I would play softball through my city league. I was inspired to become a pitcher after receiving my first lesson from the local high school star, Johanna Grauer when I was 8 years old. I've been training with her pitching coach ever since. After initially being overlooked by City travel teams, I created my own path with an independent travel team and City recreation teams where I pitched hundreds of innings, which provided me with experience working through many game situations.   The combination of continuously working to advance my skills along with extensive pitching experience has enabled me to lead both my travel and high school teams to much success. I'm most excited when I'm contributing to the team success, which has helped me to bring out my leadership traits. Softball has taught me many valuable skills such as leadership, respectfulness, how to be a team player, and a strong work ethic. I enjoy softball because I like seeing myself and my teammates succeed after all of our hard work.
