Personal Statement:

Softball has had a profound effect on me. The game has taught me teamwork, discipline, time-management, and performing under pressure. These skills have given me an edge in my daily life as a student athlete. Through teamwork, I am able to work with my peers, utilizing our different strengths to find solutions to the problems we confront. Discipline and time management helps me accomplish multiple tasks as quickly and as efficiently as possible. Performing under pressure is an important skill that prepared me for the real world. But the most important one, is the knowledge that there is always room to grow. I have learned to see this as a challenge instead of something to be discouraged.
