### Personal Statement:

Hello, My name is Angelia Rodriguez but most people call me Ang. I have been playing softball since I was 7 years old, and I automatically fell in love with the sport the second I picked up my first softball. I want to continue pursuing my softball career, competing with the best, and being able to show the work ethic and drive I have for my sport to people all around, I am extremely excited to see where my softball journey, work ethic, resilience, and mental/physical drive takes me.
