Personal Statement:

I started playing softball when I was six years old and have been playing ever since. Softball has taught me the importance of teamwork and dedication to both myself and my teammates. It has also shown me the importance of character, leadership, and work ethic, both on and off the field. I take pride in holding myself to a high standard in all areas of my life including sports, academics, and friendships. I have the desire and passion to pursue softball at the collegiate level and feel that all I have learned over the years being on the field has prepared me to be successful in playing at the collegiate level and earning my college degree. When I'm not on the field, I enjoy hanging out with my friends and family, listening to music, and working out.
