Current Grade: 9th
Current GPA: 3.5
College Major interest: Engineering & Finance

Accomplishments/Recognition

- 2022 - Accepted into Green Engineering Program @ LHS by teacher recommendation based on advanced placement and testing scores in Math and English.

Personal Statement:

Hi Coach! I've loved catching since age 10, when my sisters coach told me to help out and get behind the plate. Over the years I have also really enjoyed playing outfield in addition to going anywhere else the team needs me, I want to be on the field! This past year I have taken up weight training which has been more fun than I anticipated, and it's been cool to see my work in the gym translate to the field. Both softball and weight training have taught me that consistency and perseverance pay off, I can do hard things! I participate in the Green Engineering program at Livermore High School and hope to pursue a degree in engineering or possibly finance.
