Personal Statement: Softball has taught me a lot of life lessons that can be applied on and off the field. I enjoy challenging myself to be a better player, teammate, student, and human. My #1 goal is to play softball in college. I haven't decided on a major yet, but I would love to have a career that allows me to give back to the community and help people. Possibly law enforcement or social work. I dedicate most of my evenings and weekends to softball and academics. In my free time, I have fun hanging out with my friends and family on the lake or at the snow. I am a very competitive person and usually accept any challenge that is presented to me. Let's go!
