Personal Statement: I started playing baseball at 4 years old, and moved to softball at 6 years old. I love softball because it has taught me how to have a strong work ethic and to strive to be 1% better every single day. I like to work out and work on my game to continue getting better. I love my teammates and enjoy competing with them and building friendships. I enjoy the outdoors and like to fish, camp, go to the beach, and spend time with my friends and family. I volunteer in my community with nonprofit organizations, like local breast cancer fundraisers and summer youth camps.
