### Personal Statement:

I have been playing softball since I was six years old. I became enthralled with softball while watching my brother play baseball and make incredible plays. From a very young age, I aspired to play at the collegiate level. I have learnt through the sport that I am highly competitive, and I hate to lose.

I am a three sport athlete (cross country, wrestling, and softball) and bi-lingual. I am interested in studying Bioengineering in college. My goal is to attend a college where I can push myself in the classroom and on the field.
